

Mid-II Exam Schedule for the Semester Monsoon 2018

Date: 26.09.2018

	8.30 AM – 10.00 AM	12.00 PM to 01.30 PM	04.00 PM to 05.30 PM
Friday 12/10/2018	SSAD and Project, Operating Systems (PG), Adv. Mechanics of Materials, Spatial Informatics, Digital Image Processing, CMOS RFIC, Linear Electronic Circuits, Database Systems, Complexity and Advanced Algorithms, Principles of Semiconductor Devices, Introduction to Bioinformatics, Water Resource Engineering.	Language, Mind and Society, Introduction to History, Introduction to Sociology, Intro to Psychology Digital Systems & Microcontrollers.	Complex Digital System Design, Distributed Systems, Computer Problem Solving, Linear Control Systems Electrical Science II.
Saturday 13/10/2018	Information Theory and Coding, Operating Systems.	Data Warehousing and Data Mining, Speech Technology, Compilers.	General Physics, Computational Linguistics I, Electromagnetic Theory and Applications, Science I, Topics in Physics, Discrete Structures, Advanced Biomolecular Architecture, CNS Lab, Building Energy Simulation, Network Signals and Systems.
Monday 15/10/2018	Introduction to Databases, Civil Engg Workshop, Quantum Chemistry: Electronic Structure Methods, Advanced Problem Solving.	Advanced Biology, Introduction to Linguistics-1, Real Analysis, Probability and Random Processes, Principles of Programming Languages, Intro to Cognitive Science, Algorithms and Operating Systems, Distributing Trust & Blockchains, Discrete Maths and Algorithms.	Algorithms, Quantum Mechanics S&S, Topics in Applied Optimization, Environmental Science, BMSID, Linear Algebra, Transportation Engineering.
Tuesday 16/10/2018	Mathematics III, Advanced Computer Networks, Scripting and Computer Environments, Advanced Structural Analysis, Mobile Robotics, Embedded Hardware Design, Topics in Machine Learning, Speech Signal Processing.	Number Theory and Cryptology, Structural Dynamics, Stability of Structures, Computer Programming, Research in Information Security, Computational Complexity Theory, BMSSC, Paninian Linguistics, Game Design and Engineering.	Science Technology & Society, Building Automation & Controls, Maths & Statistics, Linguistics 1, Signals and Systems, Theories and Practices of Nationalism, Introduction to Philosophy, Understanding Raga

Note: Mid-II of SM in AI is scheduled on 10-10-2018, 5.00 PM to 6.30 PM
